Teladoc HEALTH

Dermatology Assistance Through Teladoc Health™

Healthy skin starts here

If you have a skin condition of concern, you shouldn't need to wait for treatment. And now you don't have to! With the addition of Teladoc Health Dermatology care, you get easy and convenient access to on-demand skin care and no longer need to wait for an appointment. With Teladoc Health Dermatology, you'll receive a diagnosis and customized treatment plan within two business days or less.

How does it work?

All it takes is mobile or online access! Teladoc Health Dermatology is as simple as 1-2-3:

1. **Upload images**. You can request a consult, provide a description and upload images of your condition into your online account, or via the Teladoc Health mobile app.
2. **Dermatologist review.** A U.S. board-certified dermatologist reviews the photos, makes a diagnosis and provides a treatment plan to you within two business days.
3. **Treatment.** You will receive an email with your diagnosis and treatment plan. Prescriptions are sent to your local pharmacy when medically necessary.

All communication between you and dermatologists is through the Teladoc Health secure message center. You can ask follow-up questions at no charge for up to seven days and request the same dermatologist for subsequent consults, if desired.

Meritain Health®
an aetna company
